

Request for Real Estate Marketing Proposals

August 2, 2023

The Kennebec Regional Development Authority/FirstPark seeks full-service real estate representation by a Maine-licensed firm that will aggressively market for sale our remaining 12 lots and 155 acres. Seller expectations include lead cultivation, showings, a written monthly activity report, signage, references, creativity and relationships with site selectors, brokers, developers, corporate real estate executives and business decision makers.

Proposals are due by COB Friday, September 1. We prefer proposals be submitted in an electronic format, specifically Word or PDF.
